Course expectations:
1) Attend all the seminars in-person. For the talks given via zoom, we will stream from the classroom.
2) Write three 1-page 1.5-spaced responses on the subject of three different seminars. These papers should include a brief summary of the presentation and a reflection on the material presented. You must submit these papers within a week of the presentation on which you choose to reflect.

Absence policy:
If students miss more than one seminar, we require them to write a summary of four seminars (1 page summary each) during the quarter. If they miss a second seminar, they need to write a fifth summary and so forth. Students can't miss more than 3 seminars.

Notes:
- An open Q&A session will begin at the end of the presentation.
- Recordings of the seminars will be posted on Canvas after each session.
- For everyone's safety please wear a mask at all times, respect distance measures and if you feel sick in any way, please stay home.
- Your attendance will be taken based on actual participation & engagement.
